1. Purpose. In accordance with the references, this Memorandum of Understanding (MOU) delineates protocols between Commander, Navy Region Southwest (CNRSW), Naval Air Facility (NAF) El Centro and the El Centro Police Department (ECPD), El Centro, California.

2. Background. NAF El Centro engaged with the ECPD to pursue a service agreement that capitalizes on the agency's law enforcement capabilities for providing support to the installation in the event of incidents involving an active shooter, hostage situations, bomb threats or detonations, and Explosive Ordnance Disposal (EOD) support requirements. This service agreement optimizes available resources and efficiently supports the Navy's Fleet, Fighter, Family mission.

NAF El Centro is located seven miles west of the city of El Centro, California, and is located within the jurisdictional boundaries of Imperial County. Reference (g) provides the statutory basis for the Secretary of the Navy in conducting all affairs of the Department of the Navy (DON). In executing this authority, the Secretary must often rely on prompt investigative actions by professionally trained personnel for the effective investigation and resolution of alleged, suspected, or actual criminal offenses, terrorist or intelligence threats, and security compromises. Under the authority of the Secretary, the Naval Criminal Investigative Service (NCIS) has primary investigative and counterintelligence jurisdiction within the DON for the above offenses and incidents, on and off naval installations.

The vast majority of NAF El Centro has been designated “proprietary jurisdiction” with an area dividing the installation that is designated as “partial jurisdiction” per enclosure (1). Nothing herein shall be inferred or understood as limiting, in any way, the authority of the NCIS to pursue such investigations or law enforcement actions as are not specifically contemplated hereby but are properly contained within the guidelines per reference (d).

a. Proprietary Jurisdiction – This term applies to areas where the federal government has the authority to investigate and prosecute non-territory-based federal offenses committed on the property, such as assault on a federal officer, but not violations of state laws. The state has the authority to investigate and prosecute violations of state laws that occur in the territory.

b. Partial Legislative Jurisdiction – This term applies to areas where the federal government has been granted certain aspects of the state’s authority for exercise by the United States over an area in a state, but where the state has reserved the right to exercise, by itself or concurrently with the United States, other authority constituting more than merely the right to serve civil or criminal processes in the area, e.g., the right to tax private property.

3. Scope. This MOU applies to NAF El Centro and the ECPD, and sets forth the terms and agreements of both parties concerning protocols to be followed when NAF El Centro requests law enforcement support from the ECPD in response to criminal and/or terrorist incidents aboard the installation. Law enforcement support requests may include, but are not limited to, active shooter or hostage situations, bomb threats or detonations, and EOD support requirements. The provisions of this document are intended to facilitate and promote an atmosphere of mutual cooperation between NAF El Centro and the ECPD.

#### 4. Responsibilities.

a. NAF El Centro will:

(1) Determine the need for law enforcement support from the ECPD and/or other law enforcement agencies. Requests for law enforcement support will be initiated only when emergent situations arise that exceed NAF El Centro Security Detachment’s training and/or resource capabilities.

Subj: LAW ENFORCEMENT SUPPORT

(2) Contact the Department Commander, ECPD to request law enforcement support and advise the Department Commander, ECPD of all circumstances surrounding the nature of the support requirement, to include the specific location of the incident where ECPD personnel are being requested to respond.

(3) Determine when to terminate law enforcement support provided by ECPD. Upon termination, which will be decided by the NAF El Centro Incident Commander, control of incident operations will be turned over to the NAF El Centro Security Detachment.

(4) Ensure NAF El Centro security personnel only exercise authority for offenses that occur aboard the installation, in accordance with statutory authorities.

(5) Ensure NAF El Centro security personnel do not pursue vehicles outside the installation's boundary lines or exercise any other prescriptive authority, unless a direct threat to life or national security is known by the pursuing officer(s), and then only to such point where ECPD can assume the pursuit. In situations involving a suspect fleeing from NAF El Centro to avoid capture, U.S. Navy personnel shall request assistance from ECPD in cases where the alleged crime originates in or crosses Imperial County jurisdictions.

b. ECPD will:

(1) Respond to law enforcement support requests from NAF El Centro Security Detachment with Emergency Response Teams and/or qualified personnel at the sole discretion of the Department Commander, ECPD.

(2) Ensure the Department Commander, ECPD is informed immediately upon receipt of law enforcement support requests from NAF El Centro Security Detachment. The Department Commander, ECPD may also contact other law enforcement agencies for additional support or to obtain resource commitments and assign standby positions as required. The Department Commander, ECPD may also share any and all information and documents received from NAF El Centro Security Detachment to support its requested response, unless both parties have agreed in writing that any or all of the information should not be shared.

(3) Redirect or forward all calls for law enforcement support aboard NAF El Centro, received by Imperial County 9-1-1 Dispatcher, to the CNRSW Dispatcher at (619) 524-1226.

(4) Ensure all ECPD personnel report to the NAF El Centro Incident Commander upon arriving at the incident location to receive a situation brief and assess the situation to ensure appropriate personnel and equipment are present or procured.

(5) Provide law enforcement support as determined by the NAF El Centro Incident Commander.

(6) Maintain sole responsibility for determining the type and number of ECPD personnel to be deployed to NAF El Centro, to include the Special Weapons and Tactics (SWAT) unit, the Bomb Squad, and the K-9 unit. ECPD may request support of U.S. Navy Military Working

Subj: LAW ENFORCEMENT SUPPORT

Dogs to assist in the search for explosive materials when deemed necessary to support the mission and in the interest of public safety.

(7) Make any necessary immediate decision to employ deadly force in preventing serious injury or loss of life consistent with ECPD Use of Force Policy.

(8) Provided all incident information to the NAF El Centro Incident Commander upon termination and transfer of incident operations.

(9) Retain the authority to terminate law enforcement support at any time. Whenever possible, the decision to terminate law enforcement support will be coordinated with the NAF El Centro Incident Commander before support is terminated.

(10) Participate in post incident investigations and debriefs, and coordinate with NAF El Centro Incident Commander and any other law enforcement agencies who provided law enforcement support, to facilitate required criminal investigative matters.

(11) Coordinate with the Deputy Chief of Police, NAF El Centro to conduct training exercises aboard the installation in order to maximize interoperability with Naval Security Forces and familiarity with the installation in preparation for potential incidents.

5. Points of Contact.

a. NAF El Centro:

(1) Lieutenant John Page, Security Officer, NAF El Centro; (760) 339-2663 or john.d.page@navy.mil.

(2) Major Oscar R. Correa, Deputy Chief of Police, NAF El Centro; (760) 339-2646 or oscar.correa@navy.mil.

b. ECPD:

(1) Commander Aaron Reel, ECPD; (760) 352-2111 or areel@ecpd.org.

6. Other Provisions. Any provisions of this agreement that are contrary to or violate any laws, rules or regulations of the United States, Department of Homeland Security, United States Navy, Department of Defense, or the ECPD shall be void and have no force or effect. Both parties agree to promptly notify the other party of any known or suspected continuing violation of such laws, rules, or regulations. Any provision of this agreement found to violate any law, rule or regulation will not void or negate this agreement in its entirety, but will negate those of the agreement found to be a violation.

Nothing in this agreement is intended to create any new regulations for NAF El Centro to exercise any pre-determined priority over ECPD's personnel or assets, or to limit ECPD in the command and control of their personnel or assets.

Subj: LAW ENFORCEMENT SUPPORT

In the event that ECPD is required to provide law enforcement support to NAF El Centro, all ECPD personnel deployed to the installation will be under the operational command of the ECPD. If circumstances call for establishing a unified command between ECPD, NAF El Centro, and other responding agencies, specific roles and responsibilities will be established by all participants per reference (g).

ECPD policies shall govern the conduct of its personnel.

7. Changes. Changes/amendments may be made to this agreement by mutual written consent of both parties and will be recorded and published as addenda to this agreement.

8. Termination/Expiration. This agreement may be terminated by mutual consent of both parties. Either party may terminate this agreement upon 30 days prior written notification to the other. This agreement will remain in effect until six years from the last date of the below signature and will be reviewed annually.

9. Effective Date. This MOU will become effective on the date of the last signature.

Ron,

The command has reviewed OGC's recommended modifications and submit the following responses:

1. Added reference (g), 10 U.S.C. § 5013, to coincide with paragraph 2 (Background) stipulating the statutory authority of the SECNAV.
2. Spacing changes not required; looks consistent with the Correspondence Manual. No corrections were made.
3. Kept the agreement at six (6) years per paragraph 8.
4. Did not add dates to references because dates are only for DoD-level instructions (not DoD organizational instructions) per attached excerpt from Correspondence Manual.

V/R,  
Ernest
