RE: Public Records Reference # P008223-022118

Tracy:

This letter is in response to your California Public Records Act request dated February 15, 2018 wherein you requested data related to Gunshot Detection Microphones and past litigation. The City has collected all documents that appear to be responsive to your request. The documents have been uploaded to the portal.

In reference to Item One of your request, the Sacramento Police Department does not directly own or use any gunshot detection microphones, though they do contract with Shotspotter, Inc. for such services. Applicable agreements and supplemental agreements have been uploaded to the portal. You will note that our agreements do not contract for any specific number of sensors; only that a geographically defined area be covered by the service provided. As such, the number of microphones necessary to cover such service is not known by, or reflected in records belonging to, the Sacramento Police Department. Please refer to the uploaded Agreements for additional information.

In reference to Item Two of your request, the City does not have any responsive records.

In reference to Item Three of your request, please refer to "GO 510.05 Shotspotter Flex" available via the Transparency section of our Department's website here:
<https://www.cityofsacramento.org/Police/Transparency/General-Orders>

Finally, in reference to Item Four of your request, the City does not have any responsive records.

If you need anything further, please contact the City's Record Department at (916) 808-5002 or via email at records@cityofsacramento.org.

Office of the City Clerk – Records Department
915 I Street, New City Hall 5th Floor
Sacramento, California 95814
916-808-5002
